Introduction

The end of the year 2022 is fast approaching. This time of year is very busy and can be very stressful for everyone. We hope this year-end guide will be useful for you in preparing for the remainder of the year and overall readiness for W-2s.

Important: Deadline for Employers Filing W-2s and 1099s

The Consolidated Appropriations Act of 2016 includes a provision requiring the accelerated W-2 and 1099 filing due date. Due to the increased incidents of tax fraud and identity theft, the IRS has moved forward with a provision to require employers to report W-2 and 1099 data to the Social Security Administration and IRS by January 31st.

It's essential for businesses to be prepared as soon as possible in the months leading up to the due date. This means organizations must participate in advanced planning to ensure all documentation is submitted accurately and on time. We encourage you to begin planning now and **submit changes and year-end adjustments early.**

Please pay **close** attention to timelines and important cut-off dates in our Year-End Guide.

Client Processing Deadlines

Standard Deadlines

Payrolls need to be submitted **at least two banking days in advance** of the check date.

- This allows sufficient time for payroll funding and employee direct deposits to be received and posted by the check date.
- Due to strict banking rules, we will not make exceptions to the two-day rule.
- If you need to process one day before, you will be required to wire funds.
- Payrolls with \$100,000 or more in federal tax liability or total ACH debit of \$100,000 or more will also require a wire.

Year-End Deadlines

Any 2022 payrolls and adjustments must be complete before any 2023 payrolls can be processed. A few important points to remember:

Bonuses and extra payrolls:

- If you are paying bonuses or have any extra payrolls that need to be included in your 2022 W-2s, notify us by December 9, 2022.
- The special payroll must have a 2022 check date to be included on your 2022 W-2.
- Wiring of funds may be required

Payroll Adjustments

Complete all payroll adjustments (e.g., voided checks, corrections) before or with your last scheduled payroll with a check dated of 2022.

Voiding checks/processing adjustments after a check date of 2023 has been processed requires us to “Re-Open” the year (see page 10 for applicable fee).

Year-End Adjustment Cut-off Date

- **We encourage you to process adjustments well in advance of January 4, 2023**
- For adjustments processed after December 31, 2022, please remember that tax agencies may consider tax payments late and you (the customer) will be responsible for penalties and interest that any agency may assess.
- Payroll adjustments must be processed by 5:00 pm ET on January 4, 2023.
- Any adjustments made after January 4, 2023, will result in a W-2C for employees as well as amendments; fees will apply.

Fringe Benefits

- In November/December, identify and schedule special payroll adjustments such as group-term life, auto allowances and other fringe benefits.
- As many of these fringe benefits require tax withholdings, they will need to be entered at the same time as a normal payroll run **before the end of the year**.
- **IMPORTANT:** If you have any new fringe benefits this year, please reach out to your CSR early to get the proper codes/taxation set up.

Reminder: Process year-end adjustments early. Do not wait until January.

Important: Payrolls processed in 2022 that have a **pay date of 2022** will show up as wages on the 2022 W-2! These wages will not be part of your 2023 Year to Date totals.

Year-End Checklist

Now through early December:

- Review processing deadlines and identify your last payroll(s) of 2022.
- Review Paymedia's Holiday schedule and Federal Reserve Holidays for 2022 and 2023.
- Return Year-End Questionnaire to your CSR by **December 9, 2022**.
- If you are receiving printed copies of your W-2's, please confirm your delivery address on the Year-End Questionnaire to ensure proper delivery.
- Call your CSR with any year-end payroll questions so that there will be sufficient time to resolve any questions/issues (third party, taxability issues, SSN changes, etc.).

Include on/before your last scheduled payroll of 2022:

- Perform an audit of employee data related to social security number (SSN), name and mailing address and make any updates by **December 9, 2022**.
- Ensure any employee benefit plan state dates/status/hire dates are up to date.
- Include any fringe benefits to be reported on 2022 W-2s.
- Reach out to Third-Party Sick Pay providers and request information to be included, if available. Enter any additional, manual, and/or voided checks that need to be recorded in 2022.

If NOT included in last regular payroll with 2022 date, request a special payroll with 2022 check date (if applicable):

- Third-party sick pay information should be processed by December 31, 2022. If you are unable to provide the necessary information in time, please indicate on year-end questionnaire. Fees will apply for amendments/adjustments after the deadline.
- Identify and process any end-of-the-year payroll such as bonus and fringe benefits by December 9, 2022, if you want to apply them to 2022.
- Enter any additional manual checks and/or voided checks that need to be recorded in 2022, prior to December 9, 2022. If you enter additional manual checks/or voids after this date or after processing your last payroll for the year, please contact your support team to ensure they are processed prior to W-2 printing.

This CANNOT be done after January 4, 2023.

By February 10, 2023

Review and approve ACA forms by February 10, 2023, If applicable. See Pages 8 and 9 for more information.

Year-End Maintenance Details

Audit Tools

Employee W-2 information must be correct as the IRS may charge a penalty for filing W-2 forms with incorrect information. We strongly encourage you to start auditing your employer records now – before the busy holiday season!

- Please verify Social Security Number, name, and address for each employee (the name must be exactly as it appears on the employee's Social Security card).
- For your convenience, please use the following report for verification purposes:
[Reports > Client Reports > Employee W-2 Verification > Run report.](#)
**** Please note: For those clients who do not access their reports on-line, the Employee W-2 Verification Report was included with your first payroll processed after November 1, 2022.**
- Any updates to name, Social Security Numbers or addresses should be made immediately and no later than December 9, 2022. Access your employee records and make corrections in Paymedia as follows:
[Employee Management > Employee Maintenance > General.](#)

W-4s

Send a reminder to your employees regarding submitting a new W-4 for 2023. Employees who are currently claiming **exempt** from withholding must submit a new form W-4 by February 15, 2023, to maintain that status. Employers are required to begin withholding federal tax for those employees who fail to provide a new W-4 by that date. Also, any employees who have experienced a life event may need to submit a new W-4 due to the change in number of allowances.

Reporting of Employer-Sponsored Health Coverage

The Affordable Care Act (ACA) provides that employer must report the cost of employer-provided health care coverage on Forms W-2

- Reporting is mandatory for employers that file 250 or more Forms W-2 during the prior calendar year.
- The amount reported should include both the portion paid by the employer and the portion paid by the employee.
- **Please check the appropriate box on the Year-End Questionnaire and return by December 9, 2022.**
- **It is your responsibility to preview your W-2s and verify the amounts in Box 12 Code DD prior to printing W-2s. Review W-2s prior to December 9th and contact your CSR for changes that you need made. Additional fees will be charged if you fail to report changes that result in reprinting of W-2s.**

FUTA Credit Reduction

Some states take Federal Unemployment loans if they lack the funds to pay unemployment benefits for state residents. If a state has outstanding loans with the federal government, the FUTA credit rate for employers in that state will be reduced until the loan is repaid.

The result of being an employer in a credit reduction state is a higher tax due on the Form 940. This higher tax is considered incurred in the 4th quarter. Therefore, your company will owe additional federal unemployment taxes that will need to be impounded. Future communication will include details regarding the FUTA credit reduction calculations.

Tax Rate Change Notifications

IRS and State Notifications for 2023

Unemployment rates and tax filing frequencies are mailed to the taxpayer, and it is imperative these tax-related communications are forwarded to Paymedia immediately. We require this information in order to ensure your taxes are paid accurately and timely in 2023.

Please note: Late tax payments result in interest and penalty charges. If your federal tax filing frequency is changed and you don't notify us, we will not be responsible for any penalties or interest that may be charged.

Year-End Payrolls and Adjustments

Bonus Payrolls

If you are paying bonuses, please notify us by December 3, 2022. Please keep in mind that you have many options when running bonus payrolls to consider:

- Blocking direct deposit
- Blocking deductions
- Supplemental Tax Rates
- Gross up

Fringe Benefits Adjustments

If you need to report any Fringe Benefits, **please notify us by December 9, 2022, by returning the Year-End Questionnaire.** Identify those benefits that need reporting and schedule the special payroll if needed. It is important to remember that some of these adjustments require tax withholding and they need to be entered at the same time as normal payroll run before the end of the year.

Manual and Voided Checks

Important: Make sure that all pending 2022 Manual and/or Voided checks are processed before any 2023 payroll are processed.

Third-Party Sick Pay

Important: Determine if you have Third Party Sick Pay Information that must be reported for 2022. This will need to be reported before you run a 2023 payroll. Notify us by **December 9, 2022**, if you are unable to provide the necessary information in time. Please contact your provider and request the information in advance of your Year-End Adjustment Cut-off dates to avoid a delay in W-2 printing! Additional fees will apply for late processing. Remember, last day to report adjustments is January 3, 2023. Any adjustments made after January 3, 2023 will become a W-2c!

W-2s/1099s

W-2 Forms

With the understanding that all Year-End processing deadlines have been met and you have reported all necessary information, W-2s will be processed and delivered by January 31, 2023. We will be printing and shipping all W-2 forms to your primary address. If you would like to opt out of receiving printed copies, please check off the appropriate box on the Year-End Questionnaire.

1099 Forms

Please fill out the attached Year-End Questionnaire if you are requesting Paymedia to print 1099 forms for 2022. This must be returned no later than **December 9, 2022**.

**W-2 Forms and 1099 forms will be available for viewing and printing
on-line effective February 1, 2023.**

ACA Reporting for 2022

Employers are subject to the **Affordable Care Act** (ACA) filing if you meet either of the following criteria:

- If you averaged at least 50 full-time employees (including full-time equivalent employees) during the prior calendar year, you are considered an Applicable Large Employer (ALE). The IRS has defined a specific formula for this and there is a report available in the system to assist in this calculation.
- If you offer Self-funded medical insurance, regardless of the size of your company. If you are unsure if this applies to you, please check with your broker or insurance provider.

Under the Affordable Care Act's employer shared responsibility provisions, ALEs must either offer minimum essential coverage that is "affordable" and that provides "minimum value" to their full-time employees (and their dependents), or potentially make an employer shared responsibility payment to the IRS.

ACA Year-End Preparation

Please confirm that your ACA reporting year is set up for 2022 in the payroll platform, isolved. Employers should already be compiling and analyzing data now to determine offers of coverage and affordability. We recommend you review our ACA articles available in the isolved University. We will also provide a Year End ACA Reporting Guide to the Quick Links section in isolved. This guide will help you familiarize yourself with the necessary steps you will need to take to ensure a smooth ACA reporting process.

For assistance with ACA Year-End Preparation: <https://learning.myisolved.com/>
Navigate to Library> Articles, type 'ACA' in the search bar.

ACA Year End Requirements

Employers are responsible for two important components of ACA Year End requirements: Furnishing and Filing. You will need to **furnish** individual 1095 forms to employees or postmarked by March 2, 2023, to all full-time employees during 2022. These forms will contain information about when/if coverage was offered, whether the offered coverage was affordable (based on the IRS guidelines), and if self-funded, which employees and dependents were covered throughout the year. Depending on their state requirements, employees may need this form to provide proof of coverage for tax year 2022.

Paymedia will electronically **file** your 1094 & 1095 forms to the IRS **only after your ACA Forms have been approved in the system.**

It is the employer's responsibility to carefully review, make any necessary corrections, override portions of the forms that cannot be automated, and approve your ACA forms by the February 10, 2023. Should you have any questions, please reach out to your customer support team for assistance.

Unless other arrangements are made, Paymedia will send all 1095's to the primary address of your company. You will be responsible for handing out or postmarking the forms for mailing no later than March 2, 2023, for the previous calendar year of 2022.

Note: It is the responsibility of the employer to ensure 1094 and 1095 information is accurate and up to date. Should the files reject or come back as "Accepted with Errors", fees will apply for sending additional corrected files to the IRS.
